## PROJECTS :

### DESIGNING & BUILDING

Tunis- Marsa

Our team is tasked with the development of a cutting-edge website for Designing & Building, a prominent company dedicated to delivering innovative design and construction solutions. The primary goal is to create a digital platform that not only showcases the company's portfolio but also enhances user engagement and highlights its unique approach to designing and building.

06/2023 - 07/2023

### CLEAN & SERVICES

Tunis- Djerba

The project's objective is to provide a seamless and efficient online experience for users seeking swift and reliable cleaning solutions for their homes or businesses.

07/2023 - 08/2023

### International Recruitment Services

Tunis- Rades

The project is currently to create website for International Recruitment Services (IRS). The website serves as a strategic digital gateway for IRS, a leading global talent acquisition firm committed to connecting exceptional professionals with organizations worldwide.

09/2023 - Present

### tarkhan

Tunis- Tunis

This Shopify-powered website is offering an immersive shopping experience for those seeking refined suit components.

07/2022 - 08/2022
